Bailey, J.; Sanders, A.; Barclay, A. & McDonnell A. Voting at the Intersection of Sexuality and Gender.

Working Papers

Bailey, J. What's the Half-Life of the Economic Vote? (About a Year and a Half). Available at: https://doi.org/10.33774/apsa-2021-kdrwl-v3

Select Conference Papers and Invited Presentations

What's the Half-Life of the Economic Vote? (About a Year and a Half)   Apr. 2021
Midwest Political Science Assocation Conference, 2021

What's the Half-Life of the Economic Vote? (About a Year and a Half)   Oct. 2020
Political Behaviour Colloquium, European University Institute

Voting at the Intersection of Sexuality and Gender   Oct. 2020
Queer Politics at Princeton, Princeton University

Causal Inference for Ordinal Outcome Variables   2020
PSA Political Methodology Conference

The Behaviour of Gay, Lesbian, and Bisexual Voters in Britain   2019
American Political Science Association Conference

The Behaviour of Gay, Lesbian, and Bisexual Voters in Britain   2019
Political Studies Association Conference

Imperfect Perceptions: How Latent Confounding Explains the Economic Vote   2019
Leuven-Montréal Winter School on Elections

Party ID Moderates How Voters Respond to Economic Change   2019
Political Studies Association Conference

Structural Equation Modelling for Political Research   2018
PSA Political Psychology Conference

Competing Competence: A New Model of the Economic Vote   2018
Elections, Public Opinion, and Parties Conference

Funding and Awards

- UoM Faculty of Humanities Award for Distinguished Achievement (£100)   2021
- Leuven-Montréal Winter School, Best Paper (€500)   2019

- PSA ECN Conference, Best Paper   2018
- YouGov, Survey Funding (£60,000)   2017–2020
- YouGov, Travel and Accommodation Research Funding (£5,000)   2017–2020
- ESRC, Data Science Stipend (£9,000)   2017–2020
- ESRC, CASE Studentship (£58,494)   2017–2020

Teaching

- Understanding Political Change (Instructor)   2021
- Introduction to Data Analysis 1 (Instructor)   2019
- Introduction to Data Analysis 2 (Instructor)   2019
- Structural Equation Modelling using MPlus (TA)   2019
- Making Sense of Politics (TA)   2017–2019
- Researching Culture and Society (TA)   2018
- Longitudinal Data Analysis (TA)   2018
- Introduction to Longitudinal Data Analysis (TA)   2018
- Introduction to R (TA)   2017

Methods Training

- Bayesian Methods, University of Lancaster   2018
- Methods for Missing Data, University of Lancaster   2018
- Longitudinal Data Analysis, University of Manchester   2017
- Multilevel Modelling, University of Manchester   2017
- Structural Equation Modelling, University of Manchester   2017
- Social Network Analysis, University of Manchester   2017
- Survey Methods, University of Manchester   2016

Additional Skills, Experience, and Service

- Key skills include statistical analysis, the R programming language, the Stan probabilistic programming language, longitudinal and panel data, structural equation and latent variable modelling, experiments and causal inference, and Bayesian statistics
- Experience organising events including a small conference on the 2017 UK general election and numerous large-scale public lectures and events
- Four years experience at LSE and Cardiff University on knowledge exchange projects
- American Political Science Association and Political Studies Association member
- Reviewer for *The American Political Science Review*, *The International Journal of Forecasting*, and *Electoral Studies*
